FLORAL DESIGN

## À LA CARTE WEDDING FLOWERS

Our À La Carte option is ideal for couples who want professionally designed florals without the need for full-service coordination. You can select individual pieces such as bridal bouquets, boutonnieres, centerpieces, or small ceremony arrangements. We include a phone consultation and ongoing communication to help bring your vision to life. This option is well suited for elopements, intimate weddings, or budget-conscious celebrations.

À La Carte orders do not include delivery, setup, or custom installations. All items will be available for pickup at our Waterdown studio.

*Please note that À La Carte pricing is slightly higher per item than our full-service option. This reflects the nature of floral sourcing, as flowers are purchased in bulk and costs increase when designing only one or a few pieces rather than a full event.*

# FULL SERVICE WEDDING FLORAL DESIGN

*Minimum Spend: \$3000*

Our Full Service option is perfect for couples looking for a personalized and seamless floral experience from start to finish. This option is ideal for those seeking wedding party florals, statement installations, and thoughtfully designed reception arrangements. The process includes two in person consultations, one for initial planning and design and one to finalize details, along with customized floral design and detailed planning. On site delivery and setup are also included to ensure your wedding day looks exactly as you envisioned.

The \$3,000 minimum spend allows us to provide a cohesive, high quality floral experience that supports both the design and logistical needs of a full wedding day. Because every wedding is unique, the specific floral items and quantities will vary based on your style, priorities, and venue. Full service weddings naturally meet or exceed this minimum once essential elements are added to your quote.
